

30% Increase in Muscle Strength

The unique protein blend includes an anabolic module of 20 grams of whey protein and 6.2 grams of leucine that was clinically tested in an 8-week study of athletes performing an intense resistance exercise training regimen. The athletes using this proprietary module of whey protein and leucine demonstrated an increased improvement in muscle strength and muscle size as compared to those performing the same exercise training regimen who did not consume the proprietary module. In a clinical study of participants using a unilateral lower limb resistance training protocol, even the untrained limb demonstrated increases in muscle size.*

30% INCREASE IN MUSCLE STRENGTH COMPARED TO PLACEBO

An 8-week study of athletes performing an intense resistance exercise training regimen demonstrated that those using this proprietary module of whey protein and leucine had greater increases in muscle strength and size than those on a placebo.*

Increases Muscle Strength and Stamina with Half the Sets

In a clinical study using a reduced volume resistance training protocol, the anabolic module in Amplified Wheybolic Extreme 60™ Original has been clinically shown to provide the same gains in maximum muscle strength and stamina doing one set while using Amplified Wheybolic Extreme 60™ Original when compared to two sets of the same amount of training without supplementation.*

* As with any food product, use of this product alone will not lead to increased muscle mass or strength. This product is, however, useful for athletes involved in regular intense resistance training programs.

*Per 3 scoop serving.

1 SET + AMPLIFIED WHEYBOLIC EXTREME 60™ ORIGINAL = 2 SETS!

In an eight-week, randomized, double-blind, placebo-controlled study of 30 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength (1RM) and muscle endurance (ME) compared to the control group.

AMPLIFIED WHEYBOLIC EXTREME 60™ ORIGINAL NATURAL Flavors & Sweeteners

- 30% Increase in Muscle Strength
- Rapid-Absorbing Whey Isolates & Hydrolysates
- 7.7g of Leucine Plus 8.5g of Muscle-Fueling Aminos
- Increases Strength & Stamina with Half the Sets
- Gluten Free and Naturally Sweetened

Sweetened with Stevia

CLINICALLY RESEARCHED

NATURAL CHOCOLATE

NATURAL FLAVORS

DIETARY SUPPLEMENT
Net Wt 40.42 oz (2.53 lb) 1148 g

CODE 386359

10G

DIRECTIONS: Once per day as a dietary supplement, consume one, two or three scoops of GNC Pro Performance® AMP Amplified Wheybolic Extreme 60™ Original in 4, 8 or 12 fl oz of cold water respectively, 30 minutes after your workout. On non-training days, consume one serving first thing in the morning. For extreme results, take the full three scoop serving twice per day, pre and post-workout.

What is Amplified Wheybolic Extreme 60™ Original?

Looking for a protein that will help AMPLify your game? When it comes to enhancing your strength, size and stamina, nothing complements your training regimen like Amplified Wheybolic Extreme 60™ Original! It is GNC's top protein formula with a base of whey and leucine – proven in clinical studies to give you 30% increase in strength, increased muscle size, and a 100% improvement in exercise efficiency.* That's better fuel for a stronger body – premium protein for ADVANCED MUSCLE PERFORMANCE.*

The Amplified Wheybolic Extreme 60™ Original Evolution

How is this protein AMPLified? GNC's scientists worked with leading exercise and sports nutrition experts and went beyond the extreme to develop this distinct product...

Highly Effective Whey-Leucine Base – The impressive 60 grams of protein is made entirely from two of the highest quality, fast-absorbing forms of whey protein – isolates and hydrolysates.* With 7.7 grams of leucine, this creates an ideal environment for muscle protein synthesis.* This potent blend upregulates multiple Genetic Signaling Pathways (GSP) to enhance anabolism and muscle performance.* In fact, the whey and leucine blend in Amplified Wheybolic Extreme 60™ Original has been shown to increase muscle strength and stamina with half the sets.*

Micronized Amino Acids – Using MicroSorb™ Amino Technology, the amino acids added to this formula are pulverized, or “micronized” from large molecules into smaller particles to facilitate faster absorption. Why is that important? Better absorption of amino acids means better muscle fuel. These key amino acids support muscle building and recovery.*

Amino Acceleration System – This blend combines digestive enzymes that play an important role in digestion and help release vital nutrients from food.*

More Key Aminos – In addition to a whopping 7.7 grams of leucine, this formula is loaded with an array of aminos necessary for your muscles.* This complex blend of amino acids delivers 3.6 grams of arginine, which is involved in creatine synthesis, and over 10 grams of glutamine providing anabolic effects.* The amino acid L-carnitine is included to help transform fatty acids into energy for muscles and the body's energy production system.*

The Proof is in the Protein – and then some...

This cutting-edge formula is scientifically engineered to AMPLify your game.

We've Made an Already Great Product Perfect!

How? By using natural flavors and sweeteners. This advanced formula will provide your body with the pure, clean, high-quality protein you need to fuel muscles while maximizing your gains.*

When Should I Take It?

Once per day as a dietary supplement, consume one, two or three scoops of GNC Pro Performance® AMP Amplified Wheybolic Extreme 60™ Original in 4, 8 or 12 fl oz of cold water respectively, 30 minutes after your workout. On non-training days, consume one serving first thing in the morning. For extreme results, take the full three scoop serving twice per day, pre and post-workout.

Nitro-Factor™ – Maximize Muscle Building*

The full muscle-building potential of a GNC product is based on its total nitrogen content – so the more nitrogen a product has, the stronger it will perform. Pro Performance® AMP Amplified Wheybolic Extreme 60™ Original with a Nitro-Factor™ of 68 grams helps fuel performance and anabolism.*

Amplified Wheybolic Extreme 60™ Original Features 6 Products in 1!

1. Whey Protein Isolate
2. BCAA Complex
3. Leucine
4. Arginine
5. L-Carnitine
6. Digestive Enzymes
